Teacher Education A Swedish perspective

A high-quality university with a big heart

Kristianstad University offers a wide range of programmes and courses for future and current teachers. We have undergraduate programmes in pre-school, primary, secondary and post compulsory education.

Teacher education at Kristianstad University is based on basic democratic values, modern childhood and knowledge about individual children's learning and development.

Courses for exchange students

Kristianstad University offers different packages of courses suitable not only for Teacher Education students but also for students with Sociological, Psychological and (Special) Educational interest.

The courses are all related to teacher education: pedagogical work and the idea of a school for all. Exchange students have the possibility to both study courses and take part in a school placement. The language of instruction is English.

Preschool and Primary Education

Swedish preschool is a place to grow for children between 1 and 5 years old. There is a focus on basic values such as playing together, tolerance and consideration for others. Outdoor activities are key and children play outside at every opportunity.

Swedish compulsory schooling consists of four stages for children between the ages of 6 and 15: preschool year, primary school grades 1-3, followed by grades 4-6 and then high school grades 7-9. Children between ages 6 and 13 are also offered out-of-school care before and after school hours.

"During my whole year as an exchange at Kristianstad University, I had the opportunity to enjoy the complete experience.

This includes studying different courses that completed my knowledge for becoming a better teacher as well as the diverse activities that the university organised for us.

Referring to my studies, the highlight of the courses that I studied here is the placement course for primary teachers.

I did my internship in a Swedish school and this opportunity allowed me see another style of teaching to and open my mind. I will use his experience later to teach in the schools of my country.

Definitely, it was the best experience both in a professional and personal way."

Exchange Studies at HKR

Kristianstad University, or HKR for short, is beautifully situated in southern Sweden. The distances are short here, between students and staff and between the university and the working life. Students are our most valuable resource.

Kristianstad University

Our vision is to be the best university in Sweden in training and educating students for their future careers. Our students acquire not only the knowledge and skills that are most in demand on the labour market but also those that fulfil the needs and requirements of a modern scientific community.

We pride ourselves on close contact with our immediate environment and also between students and staff. Focusing on training and education, we have established an excellent reputation for a range of programmes and courses that satisfy the needs of the labour market.

Campus

Kristianstad University was founded in 1977. Today we have about 14,000 students. The Campus is just 10 minutes from the town centre. On campus you have access to inspiring meeting places and a wide range of services.

At the Campus you can find everything you need within a short walking distance. There is a library, a restaurant, a café, a sports hall, the student union, health centre and student dormitories all in one place.

In the middle of the campus there is a spacious library with study rooms, computer rooms and open spaces where you can read or just relax. See hkr.se/abouthkr

"I like the campus, it is well organised, it is small so you can reach everything easily and have access to computer rooms, the internet and the library. The library is really good."

Bastien Coignon, France

Student health

All students have access to a health centre on campus, where there is a nurse and a counsellor.

Students with disabilities

We strive to provide easy access for students with disabilities. We offer assistance with note taking, mentor support, assistants, sign language interpreters, resource rooms, and various technical aids. We also make special teaching and examination provisions. Find out more at hkr.se/service-and-support

Student Union

The Student Union (Studentkåren) works with education monitoring and issues regarding student welfare. As a student, you can become a member and benefit from all the services provided by the Union as well as receive special discounts on specified services and products. Find out more at ksk.nu

Sport Union

The Sport Union organises sport activities for members seven days a week, including badminton, soccer, swimming, volleyball and a lot more. Find out more at hkif.se

"I really enjoyed the time at HKR. What impressed me deeply is the kindness of the Swedish teachers and the students. The teaching methods are characterized by cooperation and interaction. I liked to work with international and Swedish students, we can learn so much from each other."

Zhang Hongxia, China
English education

Courses

Kristianstad University offers a wide range of courses taught in English within different fields of study. We also offer a number of web based courses. However, 75% of the courses should be campus located in order to provide a meaningful exchange period. Please note that the courses offered vary from semester to semester. You can find the updated list of courses together with all the necessary information at hkr.se/courses4exchange

Services for Exchange students

Arrival days and Introductory week

To welcome you in Kristianstad and to make your arrival and first days here comfortable we are pleased to offer the following services: Pick-up service, Introductory Week, Welcome Party.

During the first week the International office organises different activities that will give you the opportunity to meet the other exchange students and that will help you to get to know the town and campus.

Accommodation

Accommodation is guaranteed to all the exchange students. The University offers a possibility of accommodation in single rooms in student dormitories. All rooms are furnished with basic equipment and Internet connection. If you have specific requirements that we can't meet, you may have to arrange for a room on your own. For more information about accommodation and the application procedure, please consult the Survival Guide (see below) or contact the International Office.

Survival Guide

In the Survival Guide, you can find all the information you need about moving to Kristianstad, studying at our University and living in Sweden. The guide is available at: www.hkr.se/survivalguide. For any other questions concerning your studies at Kristianstad University, please contact intrel@hkr.se.

During the semester

Throughout the semester the International Office organises social activities, including parties and trips. Every semester we arrange at least one trip outside the region/country, e.g. to Stockholm as well as trips to local destinations.

Our trips are meant to create connections between the students and to offer them the opportunity to share unforgettable experiences.

"Arriving at the Högskolan was really nice. Karen from the International Office welcomed us and we felt home from the first moment. The university is much bigger than my home university but much more friendly with all the trees and all the nice buildings. The people are all very nice, both the teachers and the students. You can find help even for the most stupid questions"

Carmen Winter, Germany
Health promotion

"I have new friends from all over the world. Through them I learn about different cultures. My teachers and the people in Sweden are very friendly. They make me feel like I was back home with my family. It will be the most precious memory of my life,"

Deng Ting, China

"I enjoyed my stay in Sweden and Kristianstad. It was nice to meet students from other countries and interact with everyone, it was such a nice time. It would be very nice for me to have an opportunity to come back to Sweden and Kristianstad again. I thank everyone who made it possible for me, I love you all. Thank you"

Brian Siamani, Livingstone, Zambia,
Nursing

Sweden

Sweden is one of the largest countries in Europe, with varied scenery and climate. From north to south you can find extensive forests, numerous lakes and a long coastline.

The landscape as well as the climate changes a lot, from the wild and colder regions of the north to the milder and flatter landscape of the south.

Sweden is not only forests and lakes but a modern and fast developing country. In a nutshell, "Sweden is a country of opportunities offering a high quality of life with the human and nature in mind. (Swedish Institute)".

Skåne

Skåne is the southernmost region of Sweden. Danish until 1658, it still keeps a bit of Denmark in its flag and in the "Skånska" the dialect spoken in the area. Together with the Danish Zealand, it belongs to the Øresund Region, one of the fastest expanding areas in northern Europe. It is the most populated area of Sweden but you can still find wild nature, lakes, forests and small villages along the coast.

Malmö, the third largest city in Sweden, is the main centre of Skåne. Thanks to its connection to Copenhagen through the Øresund bridge, the city is quickly developing and is becoming an important centre for all the Scandinavian countries. Modern and old at the same time, Malmö offers a great variety of activities for all tastes.

"Before studying in Sweden, my impression about Sweden is that it has a prosperous economy, advanced techniques in ecological environmental protection, a perfect welfare system and cold weather. Now, during my 6 months of living here, studying and travelling around Sweden, I have seen all its magic and I really appreciate the friendship and kindness of the Swedish people"

Zhang Hongxia, China
English education

"The whole Skåne region is really nice and you can find a lot of small idyllic villages at the sea. I loved to make bike trips to various places"

Carmen Winter, Germany
Health promotion

“I stayed the best semester in my life at Kristianstad University. I was supposed to stay only 1 semester, but decide to stay 1 year. Kristianstad is a small city that you can do whatever you want - by foot or by bike. There are a lot of beautiful nature and landscape surrounding the city. You can find whatever you want in the center - restaurants, shops, pubs and clubs.” Julian Soncin, Brazil **Business**

Kristianstad

Situated in the north eastern part of Skåne, Kristianstad is the main centre of the region. The town combines the modern and the old and is situated in an area of great natural beauty. Kristianstad is also known for its cosy cafés, restaurants and shops.

Kristianstad municipality has a wonderful Biosphere Reserve known as Vattenriket, the Kingdom of water. Naturum, a newly-built nature centre, is situated close to the town centre and provides a number of displays illustrating the great biodiversity of the region. Here you can also enjoy beautiful views over a cup of coffee.

Within Easy Reach

Kristianstad is situated within an easy reach of Europe by air, train or ferry. High-speed trains connect Kristianstad to Kastrup Airport, Copenhagen and Malmö. You can reach Malmö by train in one hour and Copenhagen within one and a half hours. You can thus enjoy the vibrant life of Malmö and Copenhagen whenever you want. Kristianstad airport offers direct flights to Stockholm, and other cities.

In the whole municipality of Kristianstad you can easily move by bike or on foot; there are plenty of trails that allow you to experience the beautiful landscape of the area. Some of the trails are designed for easy access by wheelchair or with a pushchair.

There are many opportunities to enjoy outdoor activities as canoeing, trekking and climbing; the area is well known also for the numerous of bathing spots. See hkr.se/about-kristianstad

“just take your bike and go to a lake or to the sea or a nature reserve. There are so many things to do”

Bastien Coignon, France

Admission requirements

Your home university has approved your chosen course(s). Please note that some of the courses may have specific requirements. It is not compulsory to provide a certificate of competence in the English language but it is really important that your English speaking and writing skills are sufficiently good to allow you to follow your chosen course(s).

Application procedure

If you wish to apply to Kristianstad University as an exchange student, you should contact the international office at your home university. Once you have been nominated and selected by your university, you need to fill in our application form online.

Please, note our deadlines:

Autumn Semester: April 15

Spring Semester: October 15
